

RINGWOOD SPIDERS

ALL-ABILITIES SPORTS CLUB  DEVELOPING LIVES

TROPHY PRESENTATION & END OF YEAR CELEBRATION

Welcome

After what feels a cold wet winter, all of a sudden spring is in the air, yay!

But in what seems the blink of an eye, here we are; another season over and celebrating all that has gone before us.

And that is what tonight is all about; celebrating the great club we are part of. Celebrating the teamwork, the friendships, the achievements, the funny moments, and celebrating just being together.

We give thanks to everyone who helps make our club great; the committee members and volunteers, the coaches and game day helpers, our sponsors and community partners, the EFL umpires who so generously give up their time to support us, and of course the players. Thank you.

As with any organisation, it takes a lot of people to keep the club running, and they give up a lot of their time. But it is great to have so many people involved and is extremely rewarding to be a part of; that's why we keep coming back!

A special mention and huge thank-you to the kitchen crew; Carolyn, Ian, Paul and all the helpers who have put in many hours slaving over a hot stove to provide an average of 42 dinners each Wednesday. It is a lot of work, and the quality has remained high once again. Thanks team.

Andy Payne, well what can we say? His connection with the players is such a joy to watch, as you will witness tonight and in this booklet. His passion shines through all facets of the club and even to the FIDA league. Thanks Andy!

Special thanks also to Jeremy Zandt for his continued support to Andy. Jeremy was a foundation player and has been with the Spiders (and Blues as we were originally known) for over 30 years.

It is a lot of work, and becoming more-so with more bureaucratic boxes that have to be ticked to run a club, but I think we all say it is worth it. But the more the merrier. If you would like to get involved and help share the load, either by helping out in some small way on game day, or joining the committee and help shape the club, please speak to Paul. Our AGM will be held at our Christmas BBQ.

So please enjoy this evening, have a laugh and take a moment to appreciate being part of this wonderful group.

Spiders Committee

Year in Review; President's Report

As we wrap up the 2024 season, it is time to reflect on the achievements and milestones that have defined this year for the Ringwood Spiders.

The season began with high hopes, and I am thrilled to report that both of our teams, the Reds, and the Blacks, kicked off with resounding wins. It has been a pleasure to witness the growth and development of all our players, both on and off the field, culminating in both teams reaching the semifinals.

On behalf of the committee, I extend my heartfelt congratulations to all the players

and coaching team for their dedication and hard work throughout the season.

This year, we welcomed ten new players to the club, and they have made a significant impact in their debut season.

Our experienced senior players, as always, have provided invaluable support and encouragement to the new players, upholding our club's mission of fostering a safe and welcoming environment. The emphasis on positive culture and respect, both for oneself and others, on and off the field, continues to be the cornerstone of our club.

Ringwood Spiders All-abilities Sports Club's Vision:

'To provide and promote active participation in community sport and social activities for people with a disability',

Ringwood Spiders All-abilities Sports Club Mission Statement:

'To provide people with a disability an opportunity to interact, participate and build social skills and leadership within the community'

We also want to acknowledge the ongoing efforts of FIDA, led by Mary Pozzobon as CEO and Jen Phefley as General Manager. Their leadership has brought a more professional approach to our competition; something the Spiders fully support.

FIDA's introduction of three Tackle-Free Carnivals this year has been a fantastic initiative, allowing players to develop confidence and skills to enjoy the game. We proudly hosted the first of these at Jubilee Park which was a great success. Our Spiders team finished as runners-up in Round 3 of the Carnival and all enjoyed the day. We look forward to seeing this initiative grow in the years to come.

Today, FIDA boasts thirty-one clubs across metropolitan and regional areas, with over 860 registered players. We share FIDA's vision for a bright and positive future for our competition.

Our head coach, Andy Payne, continues to be a pillar of our club, setting the tone not only for skill development but also

for fostering team culture, respect and ensuring that fun remains at the heart of the game.

His personal approach and strong relationships with the players and the support team have brought out the best in everyone involved.

The spirit of community, team camaraderie, and family focus are what makes the Ringwood Spiders special.

Our Wednesday night dinners have been a resounding success, with an average of forty-two meals prepared for players and guests each week. The 'executive catering team' never fails to impress, serving everything from classic footy fare like a pie night to delicious roast pork dishes and of course, the ever-popular pizza nights.

This year's 'Family and Friends' Day was another highlight, with over 124 people joining us for a day of football, fine dining and fun. The juniors kicked off the day, followed by two matches featuring the Reds and the Blacks.

This event was our way of saying thank you to everyone who supported us throughout the 2024 season and a chance for families to share the Spiders spirit.

As one of the most well-respected teams within FIDA, we should all take pride in our reputation. We play competitive football, but more importantly, we play 'IN THE SPIRIT OF THE GAME.' Our focus on fostering a positive culture, mutual respect, and a dedicated team bond, along with the friendships we create, is what truly sets us apart and defines us as a club.

Our Junior Squad, the heart of our future, has thrived under the guidance of Gavin, Liam and Sue who have done a fantastic job in nurturing the next generation of Spiders. Seeing juniors participate at their end of season presentation, with their parents, highlights the strong community spirit that runs through our club.

EFL Umpires

We are also grateful for our long-standing relationship with the EFL umpires.

Their support and mentorship have been invaluable, ensuring we play our best while learning the intricacies of the game.

We are fortunate to have the best umpires managing our home games, including current AFL umpires officiating at our Family and Friends Day game. A special thank you to Trevor Finch and the EFL Umpire team for their continued support.

Sponsors and Community Partners

A heartfelt thank you to our valued sponsors, Simultech Australia and Printer Services.

Our community partners Maroondah City Council, Federal MP Michael Sukkar, State MP Will Fowles, Bendigo Bank - East Ringwood and Croydon and Bunnings Ringwood are also greatly valued.

The contributions of both our sponsors and community partners allow us to wear our colours with pride, travel to games, enjoy our BBQs and Wednesday night dinners, and support various programs and activities. Thank you!

In Memory

Earlier this year, we lost a dear friend of the Spiders and committee member, Sheridan Hackett. Sheridan's positive smile and outlook were an inspiration to us all.

Our thoughts are with Will, Josh, Liam, and Hailey. The humour and dedication she brought to the club, particularly on nights such as these, is to treasure. She is missed.

Spiders Committee

Behind every successful season is the hard work and dedication of our committee and volunteers. I would like to thank the committee; Gavin Ross, Sue Ross, Michael Baldwin, Ian Firth, Carolyn Sparkes, Terry Wynne, Will Hackett, Kevin Hare, Roger Barr, and John Kingma for their tireless efforts and valuable support.

Spiders Coaching & Support Team

On behalf of the committee, players, and Spiders fans, thank you to the coaching crew for putting the team together and strategies for gameday.

Head Coach Andy Payne, Assistant to the Coach Jeremy Zandt, First aiders/runners support crew Liam Hackett, Bryan Smith, Will Hackett, Yvonne Zeniou.

And a special shout out to Michael Baldwin, Rick Wheeler and James Dennis for jumping in where needed, such as James the 'Angry Coach' (according to Lochy his son...) stepping in to coach the team in the last tackle free carnival.

Catering and Canteen Teams

Special thank you to head chefs Carolyn Sparkes and Ian Firth, along with helpers Kevin Hare, Will and Liam Hackett, Nat Wheeler and everyone that helped in the kitchen throughout the year.

Special thanks also to Leanne Baldwin, Pauline Ryan, Natalie Wheeler, Suzie King, Melissa Barr and Michelle Caruso for their hard work and support in the canteen on game days.

As we look forward to the end-of-year, let us keep fit, have fun, and stay connected during the off-season. Your involvement is the key to our ongoing success, so stay tuned for updates!

Thank you for your unwavering support of the Spiders.

Warm regards,

Paul House, President

Football Review; Coach's Report

What a year. Who would have thought when we agreed to move from B Grade to A Grade, and create two teams, we'd play finals. Well, we did and what an amazing ride it was.

We achieved so much this year and had players excel in both our Reds and Blacks squads. We had more players, longer games and finals. What more could we have wanted? Well, perhaps a trophy...

Having the ability to play in both the A Grade and C Grade competition we had the luxury of being able to play every player, every game, all games. And that is what everyone wants.

Our Reds Squad were amazing all year. In every game we played they were positive, respectful and determined. We had some of our long serving Spiders, such as Josh

Hackett, Jordy Zeniou (and his goal post friends), Mark Wilson, Jaren Hare and Marc King embrace the Reds Squad and play some of the best football I've seen them play.

It also was great seeing Jackson run after the ball and get plenty of kicks. Hopefully his confidence carries through to next season.

The two Alex's (Spurr and Lazare) had a great year and their development has been amazing. Jayden and Brittney both joined us from other clubs and it was so good to have new faces in the team. Both embraced the Spiders way and played some great football.

We also saw the benefit this year of Gav and Liam's excellent work with the Junior Spider squad.

Declan Spruit, Lochy Dennis and Josh Barr all coming up and playing their first year of senior football. While all where a little shy at first, they have really started to come out of their shells and play great footy.

Team Parker, Sarah and Michael, managed a hectic schedule this year and played and trained every opportunity they had. Can't wait for next season when we steal Sarah away from netball and Michael gets to drop his taxi duties! Maybe it's time we saw Sam on the oval next year Sarah?

A big thanks to Ash and Jamal who came across from Sandown and played most of the year with us. We really hope to see you both back at the club next year as Spiders Players. Plus Jamal, you still need to show us that 11 goal game.

Well done to all of the Reds Squad.

As for the Blacks Squad, 5th in B Grade last year, to mixing with the A Grade this year. You should all be very proud of what you've achieved this year.

We knew it was going to be tough, we knew we were facing a real challenge and every game you played you did your best, particularly given the injuries a fair few of the squad sustained.

It was a great experience and puts us in a great place to get back into training early next year and see how much further we can go in 2025.

As a team we were challenged every game but we knew we had the experience, the youth and the recruits to make us very competitive. Our silky skilled and reliable players such as Roy, Jordy Wynne and Jordy Smith played to a new level this year and were great leaders on field.

They were very well supported by Lochy Whyte in the ruck, and when he got injured we really missed his hard work. Hope the shoulder heals well over the off-season Lochy, as we miss you on the field.

Big Andy Firth stepped in and played half of the year as our only ruck. He busted his guts each game running up and down the wing getting to as many ruck contests as he could.

We were very lucky this year and had a regular back six. Now, while all of these players always ask for time up forward (who doesn't like kicking a goal...) they play in defence without any complaints.

Each game they work hard, communicate and support each other and their hard work pays off. Many times this year they stopped a goal with a smother, a bump or a tackle.

Well done Brenton, Davy Kingma, Terry Markoulakis, Josh 'Pops' Marslek and Shan Finnerty. I promise next year, you'll get more forward or midfield time (maybe not you Dave, we've all seen you kick for goal)!

We had a few players up forward this year as we managed injuries.

Only a few games in, we lost Tom Baldwin to a fractured leg, but were lucky enough to get him back by the end of the season. The leg must have healed a little bent though, as he now seems to kick more points than goals. Maybe I'll get the tools out and straighten it up for him over summer.

James Wheeler played out of the goal square and really improved as the year went on. His training has been amazing this year and his marking and kicking improvement has been noticeable.

Joining James in most games was Tim Chaplin. Now I don't think we've got a more polite, more positive player on the team than Tim. He always listens and always does his best to do what you ask of him. He would be our straightest kick also.

Our two young guns took another step in their development this year and are growing into their football really well.

Three time Try-Award winner Mang (Junior) ripped the wing apart in most games. He dodges, weaves and must be covered in baby oil as no one seems able to tackle him.

Oscar's tackling is awesome, maybe only Smithy tackles harder than Oscar... Maybe.

Every game Oscar gives 110% and will play in any role the team needs him. His hard work at training, doing extra kicking and marking practice, paid off and he's working hard to get his skill level up to Roy's, and the two Jordy's levels. He has a great leap also.

And then there are our new players. Beau, Jake, Daynah, Chris and Patrick. All of you have brought a level of skills, hard work and experience to the club and everyone at the club has loved you coming along.

None of us are really sure which AFL Team Jake goes for but I'm sure we'll all figure that out next season, maybe.

Chris and Paddy have been great, both are hard workers, team players and run hard all day.

Daynah has been a great addition to our forward line and isn't allowed to leave the club again; bad luck FT Gully.

Beau is the rock down back. Solid, stoic and managed to finish two games with no boots on due to hot feet. Only 'The Rock' would do that!

Thanks again to Jeremy this year for his help assisting on the boundary line each game for both teams. His passion for the club and the players is amazing and they are really lucky to still have him involved. Well done on another year mate.

To Liam, our team walker (would love to call him the runner but didn't see a lot of that this year) for taking out my messages even though I'm pretty sure they'd gone stale by the time you got to the player. Thanks mate, I really enjoy having a laugh with you on the boundary.

I was spoilt this year with water and first aid support. To Bryan, Will and Yvonne, thanks for being there each week.

Sue, thank you for being the team manager; not an easy one keeping control of a bunch of people like our players (or me, or Jezza) and doing that across two teams this year.

To Paul, Gav and the committee, thanks for the support and giving me the rope to be able to train and communicate with the players in my own unique style. I'm really passionate about what role the Ringwood Spiders Club plays in the lives of our team and enjoy the freedom you give me.

Lastly to Michael Ross, 'Micha'. I can't tell you how happy I am to see you back up and walking around after the horrible break to your leg. It was a real shame and very frustrating that your footy ended the way it did, especially as you were playing so well. Looking forward to having you help out on the training track next year mate when you've got the time; and Sue's OK with it. Can't wait for 2025 season!

Andy Payne, Football Coach

Tree Planting Day

We are very lucky to have a facility such as Jubilee Park and the new pavilion, brilliant lighting and first class oval. So when Council asked the tenants and local community to help out and put in a few plants, the Spiders turned up to lend a hand.

We also ran the barbeque and fed the 60 or so people that attended.

Now with spring in the air, we are starting to see the fruits of our labour, with the plants taking hold and showing signs of new growth.

It is a great way to instil pride in the facility. Thanks to all that attended and lent a hand.

Junior Development Squad

For the first time since Covid, we did some promotion of the Juniors at the start of the year as we had lost a few from last year to the senior team.

It looked like it was really going to kick-off, but as with most years, we are never able to get all of them on the field at the same time. The positive of that is we could focus more on those that did turn up, and the feedback from the parents of the regular 8 - 10 that turned up each session was once again very positive.

Each clinic we focus on a particular skill and then finish with the mandatory kids vs parents game. Unfortunately for the parents once again, they were unable to snag a win; but they try!

Thanks to the continuing generous support of Doug and Kathi Barnard at Printer Services, we were able to provide each Junior with a Spiders polo shirt.

This gives the kids a sense of belonging and being part of the club, which is very important to us all.

The age range of the juniors is 5 to 14 and

once again it was particularly pleasing to see more of our juniors transition to the senior team at the end of last year.

Josh Barr, Lochy Dennis and Declan Spruit all played in the Reds and also joined in the three FIDA tackle-free carnivals.

But now in their place are some great kids that joined us this year. That includes a few girls such as Matilda McCarthy who may follow in her Dad Roy's footsteps and play for the senior team. A few years to go yet though...

Towards the end of the year, the kids showed great improvement, and I'm pretty sure their favourite activity was taking hangers over the tackle bag! They were very good at it also.

A bonus is getting the parents out on the field and joining in. This helps to reinforce their relationships with the kids and makes the Juniors clinics great fun for everyone, which is what it is all about.

To provide a pathway for children with disabilities that wasn't previously available is very rewarding, and we are proud to be offering this in a safe and fun environment.

Special thanks to Liam Hackett for always being there to help out and take drills (even after the odd big night before...). Liam's confidence has grown and it has been a real pleasure to share the fun of the Juniors with him. Thanks Liam!

A tradition that Cathy Mac started with the kids was at the end of each clinic, we would sing 'We are the Champions'.

Well I'm not sure why - probably our voices - but this became a kids-only affair this year, which of course was great to see. They would say to us, "go away, this is just for the kids".

And anyway, they were right, they all are champions!

Gavin Ross, Juniors Coordinator

Our Thanks; EFL Umpires

Since 2006, our home games have been the benchmark within the league, and it is due to the support of the EFL umpires.

They donate their time and deliver the highest level of professionalism when umpiring Spiders home games.

While every person that takes to the field to umpire a game is to be commended, the difference in skill that we witness is vast.

Once again, for our Family & Friends Day we were privileged to have current AFL field umpire Cameron Dore officiate the game with his father, AFL 300 game field umpire legend Gavin Dore.

They must enjoy it as it is their second year. Special mention and thank you also to the goal and boundary umpires for supporting our games also. It is a very rare thing in the FIDA competition to have a full-set of umpires at a game.

Thank you to all the umpires who have volunteered their time to officiate our games this season.

Special mention to Adam Kenny, who not only officiated every Blacks home game, but most of the Reds games as well; come rain or shine! He did so with great honesty, humour and goodwill to both teams. Adam is testament to the benefits quality umpiring brings.

Also unique within the league is the umpires presenting the game-day ball to the player they deem best on ground.

Once again, the Spiders joined with the umpires at a training session in Croydon and stayed on for a barbecue afterwards.

It is a great initiative and one that our players look forward to each year.

They participate in various drills with the umpires, working on various aspects of the game. It has given our guys a great understanding and appreciation of what it takes to be an umpire, who without there would not be any games.

Our sincere thanks to Trevor Finch and all the field, boundary and goal umpires that have supported us, not only this year, but for the last 18 (give or take a few due to COVID...)

Ode From the Kitchen Crew

*We've cooked, we've burnt, we've made a mess,
but best of all you've been impressed!*

*From roast, spaghetti and Shepard's pie,
which caught on fire and was not served on time.*

*It smoked, it burnt, we coughed and spluttered,
we still served it up and nobody muttered!*

*The dishes were a pain, we almost went insane,
then next week rolls around with the players back on the ground.*

*They train, they run, they bitch, they moan, they have their dinner,
then bugger off home!*

Carolyn Sparkes

Sponsors and Community Partners; Making it Possible

Our Sponsors and Community Partners continue to provide the support and funding needed to keep the club running. Without them, we can't do what we do. Please support them whenever you can.

Simultech Australia

Simultech Australia

Ian Firth is an integral part of the Spiders; as sponsor through his company Simultech, an active committee member, barbecue cook and kitchen chef extraordinaire feeding the team each week at our dinners!

So what does Simultech do? Well, they are a leading supplier of environmental simulation and measurement equipment to Industry and Research sectors across Australia and New Zealand.

While that is not something that directly correlates with the Spiders activities, it shows the commitment to the club Ian and the Simultech team has.

On behalf of all our players, a big thank you Ian and Teena from Simultech for their support.

Printer Services

printerservices

Doug and Kathi from Printer Services have been supporters of the Spiders for a long time and more than ten years. We truly thank them for their ongoing support. Printer Services is able to assist individuals and companies small and large with laser printer sales, service and repairs.

Do you run a business? Are you after a laser printer for your home office? If so Printer Services is ideally positioned to be able to offer the best service, support and advice. Give them a call on 1300 138 066.

Michael Sukkar, Federal MP

As our local Federal Member for Parliament, Michael has been a Spiders supporter for many years and has continued his support again for another year, which we offer sincere thanks. Unfortunately many of our activities clashed with Michael being in Canberra, but he is always interested in our activities and is here in spirit.

Maroondah City Council

Of course we would not be here without the support of everyone at Maroondah City Council who have been with us since our inception in 1992.

We are all benefiting from Council's dedication to sport, leisure and making Maroondah such a wonderful place to live and play. Council's professionalism and support is greatly appreciated.

Each year, we are the recipient of a Council community grant which helps us offset the cost of our impressive home-ground facility. Many other community groups also receive these grants and they are the backbone of some fantastic activities and programs available within Maroondah.

We thank the Mayor, Councillors and the wonderful staff for their support.

Bendigo Bank, East Ringwood

Being a community bank means Bendigo Bank East Ringwood and Croydon have to return a substantial portion of their profit back to the community.

This is by way of community grants, of which we have been recipients for several years now, and support to local groups.

The team at East Ringwood and Croydon Central are there to assist with all your financial needs; and let them know you're with the Spiders!

Will Fowles, State MP

Will is newly on-board this year and joined us at our Family & Friends day. His enthusiasm shone through when he conducted the auction for a signed umpires top and raised \$300 for the club! Thanks Will, we look forward to your ongoing support.

Bunnings Ringwood

We have built a great relationship with Bunnings Ringwood.

We have participated in several sausage sizzles which raise important funds for the club and regularly participate in their community events which are great fun.

They also help out with raffle prizes which also help us raise funds.

Players of 2024

Our players are central to all we do at the club; we wouldn't be here without them.

So please enjoy some of their on-field highlights over the following pages while also remembering that for most of them, the club is more than just football; it means friendship, family, fun and community. As you'll see, many have been around the club for a long time also. Enjoy!

Congratulations Jeremy!

Former Spiders player and coach's assistant, Jeremy Zandt, was this year honoured with a Knox Community Award for his unwavering dedication and exceptional involvement with the Spiders, a club he has passionately been part of since its inception in 1992.

His over 30 years of commitment has helped shaped the club's success. On behalf of everyone, congratulations Jeremy.

Thanks Terry!

Balance. It's what life is all about; a balanced diet, work-life balance and so on...

Committee member Terry Wynne has found that balance at the footy club.

At away games, he battles the elements - rain, wind, cold - as he stands the goal line to studiously watch as the ball sails through for a goal or point to be followed by fervent waving of the flags and accurately recording the score.

But at home games, the EFL umpires take on that role. So what for Terry?

That's where the balance comes in. He still keeps track of the score and diligently does his job, but not from the cold out on the field, but instead in the luxurious warmth of the scorer's room upstairs in the pavilion!

We've lost track of how long Terry's been doing this role, surely 10 years at least, and even when the score-keeping was in the old scoreboard, a little known fact was the electric heater over there was keeping his toes warm...

Regardless, thanks Terry. It is another one of those roles that just happens each game that no one really gives a thought to, but without there would be no game.

One tip though, perhaps spend the off-season just sharpening the time clock skills; the players get grumpy if the quarter goes too long!

Life Members

Many players and people have dedicated years of service to the Spiders.

From Frank Sullivan who founded the club in 1992 and dedicated more than 25 years to the club to the latest recruit, everyone has a place in the Spiders story.

It is through the Life Member awards that we recognise those that have given so much.

YEAR	RECIPIENT	REASON
2005	Jeremy Zandt	Player more than 10 years
2006	Adam Law	Player more than 10 years
2007	Damien Kilner	Player more than 10 years
2008	Steven Zaresky	Player more than 10 years
2008	Frank Sullivan	Service to the club (founder 1992)
